LISD CHEER GUIDELINES

Lampasas ISD does not discriminate on the basis of sex, disability, race, color, age or national origin in its educational programs, activities, or employment as required by Title IX, Section 504 and Title VI.

The LISD cheer constitution is a guideline and cannot encompass all issues. The LHS cheer sponsor and LHS administration reserve the right to amend and interpret as needed.

PURPOSE

Being a cheerleader is an honor and a privilege; therefore, excellence is expected and required. The purpose is to promote and uphold school spirit, to develop a sense of good sportsmanship among students, and to improve the school/community relationship during school sponsored events. There are times where the opportunity for sub varsity members to be placed on the team could arise. All sub varsity members selected for the competition team will be given the option to accept or decline the offer.

In the past we have attended two warm up competitions in Nov/Dec, the UIL State Competition in January, and Nationals in January. UIL is a competition we will attend every year. The other competitions will be a decision that is made by the coach each year. Nationals is not a guaranteed competition.

Our Middle School program is not a competitive program and will not attend competitions.

COMMUNITY AND PARENTAL SUPPORT

LISD Cheerleader Parent/Sponsor Communication Guide

Parent/Sponsor Relationship

Both parenting and program sponsoring/coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefits to students. As parents, when your child becomes involved in our program, you have a right to understand what expectations are placed on your child. This begins with clear communication from the sponsor of your cheerleader's squad.

Communication You Should Expect From Your Cheerleader's Sponsor

1. Philosophy of the program and the sponsor
2. Expectations the sponsor/coach has for your child as well as all the members of the program
3. Location and times of all practices and activities
4. Squad/Program requirements, i.e. special equipment, conditioning expectations, program costs, etc.
5. Procedures should your child be injured during practice or activity
6. Discipline that could result in the denial of your child's participation

Communication Sponsor/Coach Should Expect From Parents

1. Concerns expressed directly to the coach at the appropriate times and places. Parents may contact sponsors/coaches during their regularly scheduled conference period. Parents should not contact sponsors at home or on personal cell phones except in the case of an emergency.
2. Notification of any schedule conflicts well in advance.
3. Specific concern in regard to a coach's philosophy and/or expectations.

As your child becomes involved in the programs in the Lampasas Independent School District, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times and/or situations with which you or your child may not agree with. At these times, discussion with the sponsor is encouraged. Each squad member has a responsibility to approach the sponsor with questions and/or concerns before the sponsor is approached by the member's parent/s.

Appropriate Concerns to Discuss with Sponsors

1. The treatment of your child mentally and physically.
2. Ways to help your child improve.
3. Concerns about your child's behavior.

It is very difficult to accept your child not participating as much as you may hope or in a role different from what you expected. Sponsors are professionals. They make judgment decisions based on what they believe to be the best for all students involved. As you have seen from the list above, certain things may and should be discussed with your child's sponsor. Other issues, such as those listed below, must be left to the discretion of the sponsor.

Issues Not Appropriate To Discuss With Sponsors

1. Dance, Cheer, or Stunting Placement
2. Scheduling of Cheerleading Games/Activities
3. Other Cheerleading Members
4. Other Parents of Cheerleading Members

There are situations that may require a conference between the sponsor and the parent. These conferences are encouraged when appropriate. It is important that both parties involved have a clear understanding of the other's position. When these conferences are necessary, the following is the procedure to which parents should adhere in order to help promote a resolution to the issue of concern.

If You Have A Concern To Discuss With A Sponsor You Should

1. Call or email the sponsor/coach to set up an appointment. Each sponsor/coach has a conference period scheduled each day for the purpose of planning and communicating with parents.
2. If the coach cannot be reached, call the school's office for assistance in scheduling a conference.
3. Please do not attempt to confront a coach before or after an activity or practice. These can be emotional times for both the parent and the sponsor/coach. Meetings of this nature usually do not promote resolution. We ask that you wait 24 hours before contacting the coach.
